

Feb 15, 2008 – WhettStone, Nonprofit Association of the Midlands, and First National Merchant Solutions work together to create an easy way for Nonprofit Organizations to accept online donations.

Program Information:

NAM MEMBERS CAN NOW COLLECT ONLINE DONATIONS

Member organizations are NOW able to accept donation online at NAM's website. The money goes directly into your checking account, when a person makes a donation. The button can also be put on your organization's website.

- Save Money - Members would spend more the \$1500 to setup on online donation on their site and another \$400 annual.
- Discounted Merchant Processing Fees - Our preferred partnership with First National Merchant Solutions let members receive a discount rate on merchant processing fees.
- Secure Way to Collect Donations – Donations are accepted through standard Security Protocols – Secure Certificate (SSL) and Authorize.net Payment Gateway.
- Large Web Presence - Over 10,000 people visit our website every month, and the majority of those people are looking at individual organizations' profile pages. We continue to market our site via Google and Yahoo ad words.
